Re: Law student body" request for UWLA documents

Dear Mr. Karakachian,

The Board of Trustees has carefully considered the request that it produce copies of specified UWLA documents to the "UWLA Law student body" as set forth in your May 24, 2005 letter delivered to the Board in its meeting on that date. Please be advised that the Board will not produce any documents in response to this request. The Board observes that its fiduciary responsibilities preclude it from producing several of the requested documents to you. As you are no doubt aware, however, UWLA is a public corporation. As such, UWLA is required to regularly file a variety of documents with appropriate agencies of government regarding its status, including its ongoing financial condition. These documents are readily available to the general public, including any interested student of UWLA.

Very truly yours,
